Vanguard Awards

On Tuesday, November 14, 2023, the 9th Construction Industry Conference is being held in Chicago, IL. CIC has become an important event for targeting business owners who recognize the value that is provided through their participation.

While there will be many activities occurring throughout the day, the **Vanguard Awards** is our most prestigious as it recognizes an individual/s for their work in diversity and inclusion through their career. It is a recognition given to someone who currently works in this role in the building industry.

This ceremony will occur:

At approximately 1:30 pm. This ceremony will consist of the following activities:

1. A short video presentation
